PROFILE

I bring one year of experience as a full-stack developer, with six months spent during an internship at SoftCrowd Technologies and the remaining time actively contributing to high-scope projects at Ampcus Tech Pvt. Ltd. since March 2023. In my role at Ampcus Tech, I have completed the Letter Links module and various tasks while gaining expertise in technologies such as ReactJS, NextJS, TypeScript, Redux Toolkit, Tailwind CSS, and MongoDB. During my internship at SoftCrowd Technologies, I gained practical exposure to live web development projects and refined my full-stack skills using Java, Spring Boot, ReactJS, HTML, CSS, Redux Toolkit, and SQL over the course of 6 months. This combined experience of both internship and full-time roles has equipped me with a diverse skill set, laying a strong foundation for my career in full-stack development.

EXPERIENCE

Java Developer
Ampcus Tech Pvt. Ltd

March 2023 – present

- I am currently working as a full-stack developer at Ampcus Tech Pvt. Ltd., actively contributing to high-scope projects. I completed the letter links module and efficiently completed tasks related to the other module.
- While actively participating in the different modules of high-scope projects, I learned about a variety of technologies, including ReactJS, NextJS, TypeScript, Redux Toolkit, Tailwind CSS, and MongoDB.

Java Developer Intern
SoftCrowd Technologies

September 2022 – February 2023

- Throughout my internship, I confidently acquired practical experience by actively participating in live web development projects in real-world scenarios.
- I honed my full-stack skills using Java, Spring Boot, ReactJS, HTML, CSS, and Redux Toolkit.
- The internship gave me valuable hands-on experience and helped me develop a wide range of technical skills essential for my future in full-stack development.

COURSES

Full Stack Developer
Profound Institute

November 2022 – April 2023

- The Full Stack Developer Certificate is a clear indication of expertise in both front-end and back-end development, fully compliant with industry standards, and significantly boosts career opportunities.

EDUCATION

Bachelor of Computer Science
K.K.Wagh Institute
June 2019 – April 2022
Cumulative score: 7.87 out of 10.

12th College
Bhonsala Military College
June 2016 – April 2018
My score is 59.28.

10th School
Amrutvahini International School
June 2015 – April 2016
My GPA is 8.2 out of 10.

PROJECTS

My Portfolio 🔗
- I used ReactJS and React Bootstrap to create an interactive, user-friendly web portfolio showcasing my skills and projects.
- The portfolio is designed to be fully responsive, ensuring an optimal viewing experience on various devices, including desktops, tablets, and mobile phones.

Make My Trip (Clone) 🔗
- Create a user-friendly booking system for flights and services using Next.js, Node.js, Tailwind CSS, and MongoDB to improve transparency and decision-making.

E-Commerce Website 🔗
- Created a robust E-Commerce website with a smooth user interface using ReactJS, CSS, and Redux Toolkit for the front end.
- Utilized Java and Spring Boot for the back-end, ensuring secure and efficient data processing.
- Created personalized shopping experience with React.js, Redux Toolkit, and Java for user registration, login, and account management.

SKILLS

Front-end Technologies:
React JS, Next JS, Typescript, JavaScript, Redux Toolkit, Tailwind CSS, HTML5, Bootstrap.

Back-end Technologies:
Spring Boot, Node JS.

Programming languages:
Java, C++, C.

Databases:
SQL, MongoDB.

Other Tools:
GitHub, Git, Postman, Thunder Client, and Swagger
